## An Insurance Program for Cottagers

Life at the cottage isn't supposed to be stressful. Every year, thousands of us escape along highways and dirt roads to head to our personal slice of paradise. Whether it's swimming, boating, hiking, or just 'getting away from it all', life at the cottage should be carefree.

CottageFirst Insurance was designed with this in mind!

As a benefit to the members of the Federation of Ontario Cottagers' Associations, CottageFirst offers cottagers a 'one-stop' solution for all of their personal insurance needs. This unique program includes not only specialized coverages for cottages, but also exclusive discounted pricing for the home, auto watercraft and other policies bundled together under CottageFirst. CottageFirst Insurance respects the long-standing history of FOCA and the passion of its members, and we couldn't be more excited to share this program with you!

Cade Associates has a love for cottage life and pride in our ability to meet the needs of cottage associations and cottagers alike. By virtue of your Association's membership in FOCA, you are already eligible to take advantage of this exclusive CottageFirst insurance program. If your Association is not already a member of FOCA, you may support FOCA individually for a small annual fee, allowing you to take advantage of CottageFirst and other FOCA benefits.

## Extensive Coverage

It shouldn't be hard to get good insurance for your property. CottageFirst provides one of the broadest packages of coverages available. Coverage for your cottage property includes damage against the perils of windstorm, theft, falling trees and other objects, damage by bears, and collapse due to snow-load, but we don't stop there. With CottageFirst, we provide extensive coverage for your home, insurance on valuable collections, and high limits for personal umbrella liability policies, all available to complement your needs.

## Complete Insurance Solution

We often speak with people who have a home insurance provider that is unwilling or unable to insure their cottage property. No more! CottageFirst creates total insurance solutions for our clients' personal insurance needs. This program is based on simplifying and bundling your insurances. In addition to insuring your cottage, home and automobiles, CottageFirst will provide a broader insurance package to include your personal umbrella liability, watercraft, recreational vehicles, jewellery and other high valued collections.
